Dulux Venetian Plaster™
Collection blends
traditional artisan
craftsmanship with
contemporary style to
deliver truly distinctive
and unique finishes
suitable for both
residential and
commercial settings.

Venetian Plaster Training

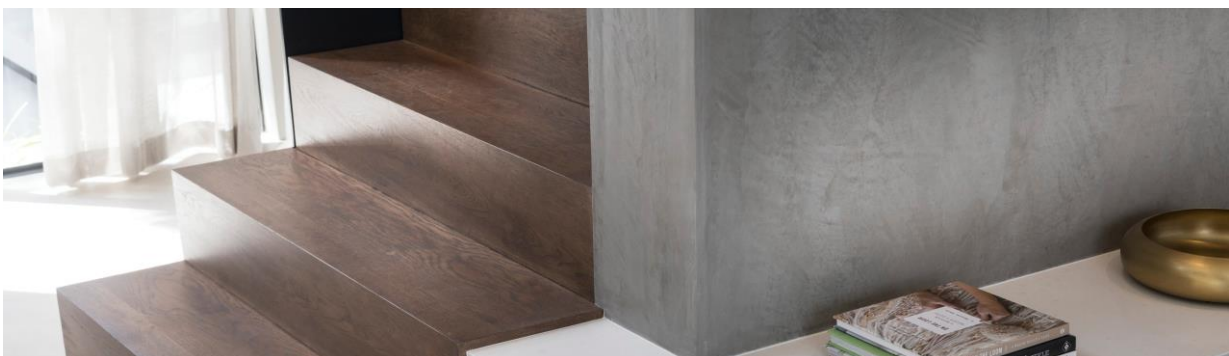

Discover the *Dulux Venetian Plaster*
products and learn the techniques
to professionally apply
this luxury lime based plaster product.

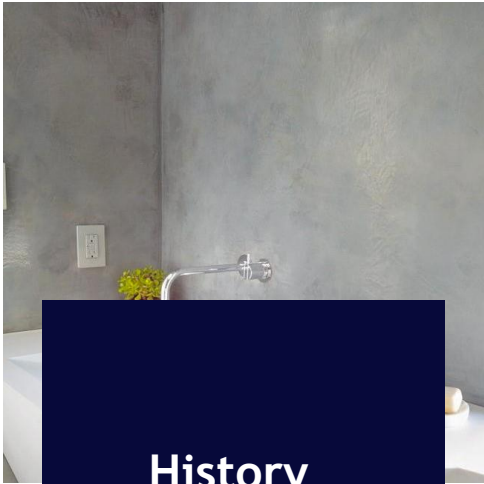

The beginning of the Venetian Plaster art form can be traced back to ancient Rome, where the craft of plastering reached new heights with the introduction of multi-layered plastering and has remained essentially unchanged through two millennia and is still used today.

1

Course Overview

The Venetian Plaster craft has seen a resurgence in modern times, becoming a key interest of architects and interior designers who use the finish to provide a unique feel to homes and commercial spaces. The two day course will take you through the history of this lime plaster, it's technical capabilities and the techniques involved in application. You will have a good understanding of the suitable substrates, as well as which products to apply to achieve the most visually captivating finish. This is a very hands on course that covers a range of topics and techniques.

History

Learn the history of lime based plaster and how it has evolved into what it is today

Preparation

Understand the preparation required for each substrate before application can occur

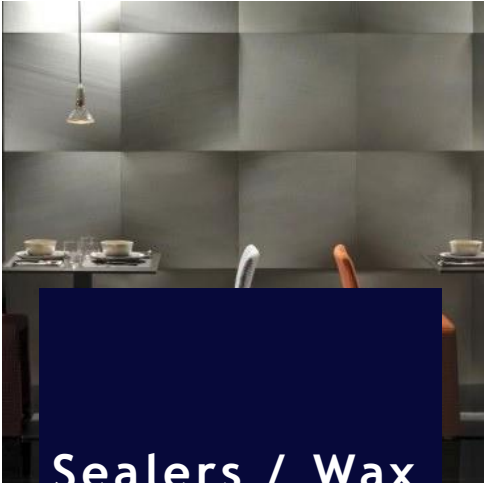

Technique

Gain an insight into the importance of applicator technique and site hygiene

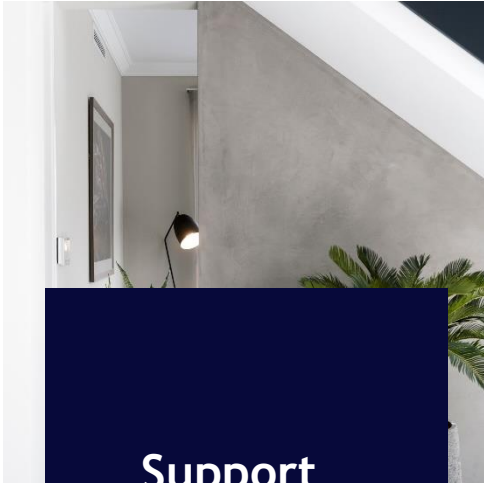

Products

Practical application of a range of products onto pre-prepared boards

Sealers / Wax

Technical data and practical application of a range of sealers & waxes

Support

Receive ongoing support and opportunities for further training from our *Dulux Acra Tex Venetian Plaster Champion*

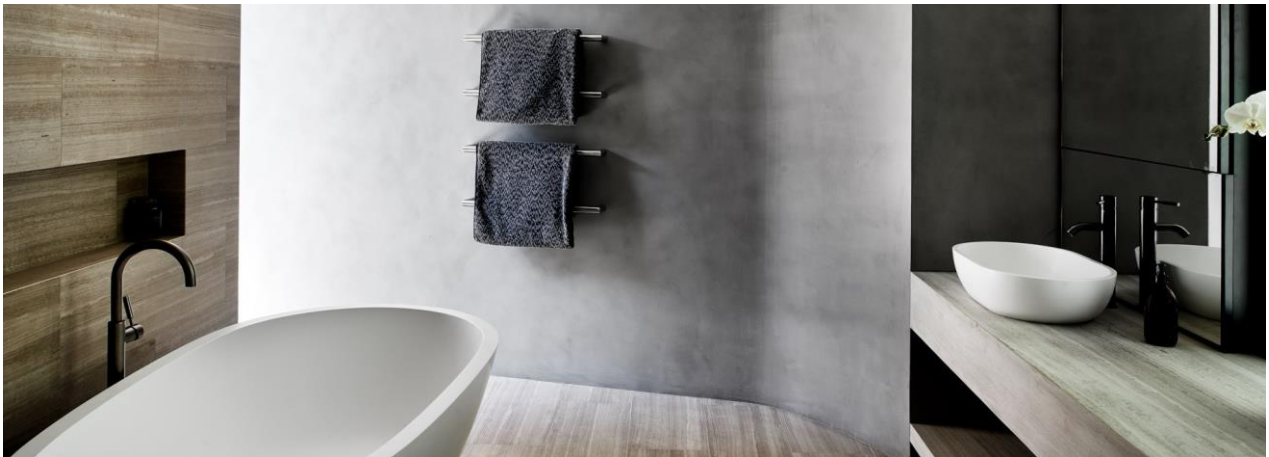

Products Covered

The *Dulux Acra Tex Venetian Plaster* course will cover practical application of the following lime based plasters, sealers and waxes:

Modello
