

Powaflex Plaster System - Finishing Options

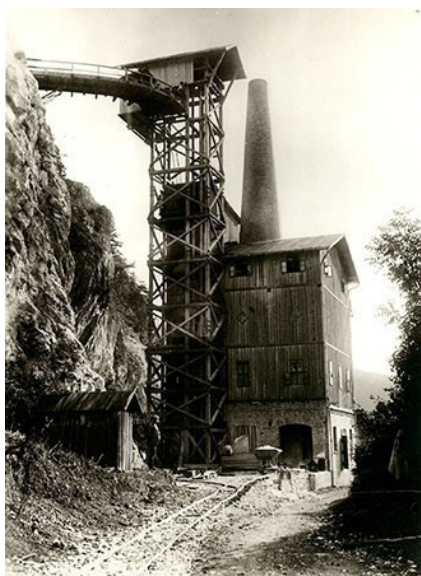

PRODUCTS BY BAUMIT – ONE OF EUROPE'S OLDEST AND LEADING PLASTER MANUFACTURERS.

Baumit

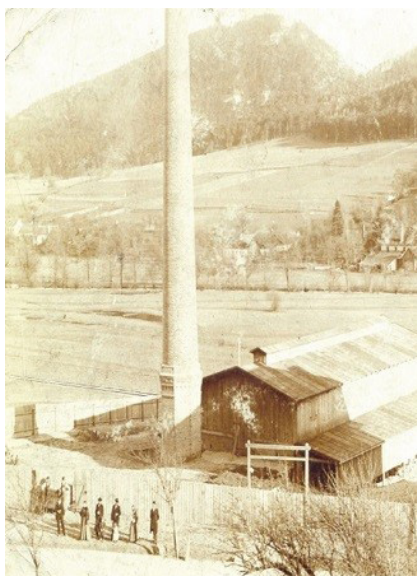

Tradition with a future

What began in 1810 with a lime kiln was to develop into one of Europe's most successful building materials brands.

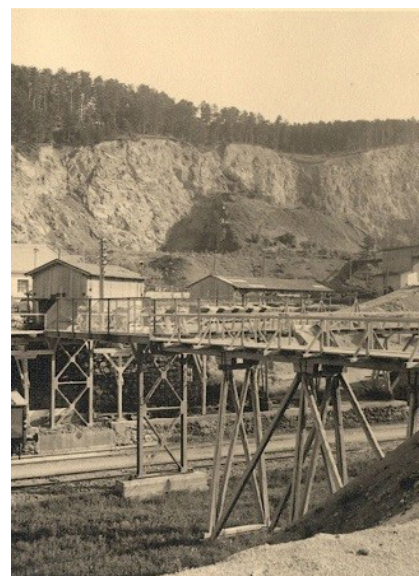

In 1988 the creation of the Baumit brand was sealed by means of a collaboration between two Austrian building materials companies.

1810 First mention of a lime Kiln on the main road to Gutenstein, Austria.

1911 Registration of the Wopfin Stone and Lime Works in the Commercial register. At that time there were two lime kilns and an office building.

1920 Commissioning of the first mechanical crushing plant. Prior to this the limestone was crushed by hand.

Baumit GranoporTop

- Wide range of colors
- Economic
- Universal
